Board Director at Hopae | Digital Identity  
대한민국 서울

## 간단프로필

Director at Hopae, building global digital identity infrastructure for the future.

10 years in fast-paced tech ventures - from concept to scale.  
Currently driving international expansion and strategic partnerships to make digital identity universally accessible.

Closely tracking AI's impact on global economics and power structures. Building digital identity to be the trust layer that makes this transformation possible - and sustainable.

Thriving in ambiguous, rapidly evolving markets where traditional playbooks don't apply.
